

Denver University Law Review presents

GUILTY MINDS

NEUROSCIENCE AND CRIMINAL LAW SYMPOSIUM

March 4, 2011 • 8:30 a.m. to 5:00 p.m. • Colorado State Capitol, Old Supreme Court Chambers

Keynote Speaker: Professor Owen Jones, Vanderbilt University; MacArthur Foundation Law & Neuroscience Project

Guilty Minds: Neuroscience & Criminal Law Symposium was inspired by current discussion of the impact of brain-imaging in a variety of areas of law. The Symposium panel topics span criminal and sentencing law, constitutional law, evidentiary practices, and legal professional ethics through a unique format of both legal and scientific scholars, as well as practitioner participants.

PANELS

Keynote by Professor Owen Jones

Panel I

The Neuroscientific Basis of Violent Crimes

Panel II

Evidentiary & Ethical Implications of Neuroscience in the Law

Panel III

Neuroscience Before the Court & Jury

Panel IV

Neuroscience & the Sentencing Phase
