

Supervisor Training Assessment

1. What type of training or outreach are you currently doing for field supervisors in your program?
2. What are the common concerns, comments or questions that you hear from your field supervisors that could be addressed by training?
3. What are the common concerns, comments or questions that you hear from your students that could be addressed by field supervisor training?
4. Identify three things that you most want your field supervisors to know about your program?

Adjunct/Faculty Training Assessment

1. What types of training are you currently providing for adjuncts or faculty working in your externship program?
2. Identify three things that you most want your adjuncts or faculty to know about your program?
3. What are the common concerns, comments or questions that you hear from your students that could be addressed by adjunct/faculty training?
4. What are the barriers to providing training to adjuncts and faculty?

Post Session Self-Assessment

1. What other law schools are in your area? Do you share placements with any of these schools?
2. Do you think a collaborative between law schools will work in your community? Why or why not?
3. If a joint collaboration will not work, what ideas have you gained from the session for alternate training models?
4. What is the best way to communicate the three things you most want your field supervisors to know?
5. What supervisor training practices can you identify that could be applied to training adjuncts and other faculty?
