

# Environmental/ Natural Resources Law Externship

In the Environmental/Natural Resources Law Externship Program, students extern at a governmental agency, nonprofit organization, or private firm that focuses on environmental or natural resources law.

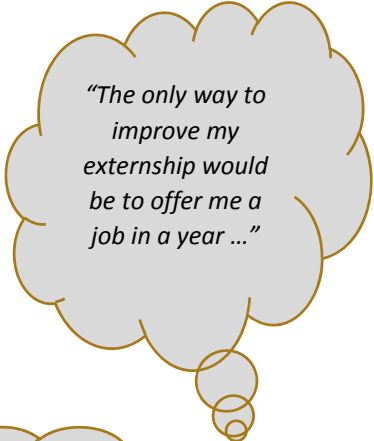

The accompanying one credit seminar is based on the type of practice where the student is externing, e.g. private firm, corporate, non-profit, or government agency.

In the past, students have externed at:

- *Colorado Attorney General's Office*
- *Colorado Oil and Gas Conservation Commission*
- *U.S. Environmental Protection Agency*
- *Global Environmental Outcomes LLC*
- *Earthjustice*
- *Environmental Defense Fund*

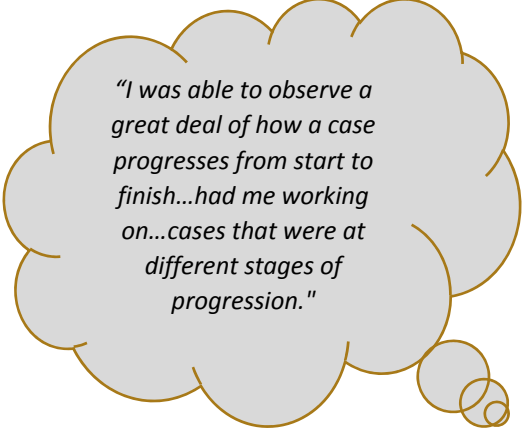

*"Every project and every activity is going to help shape the lawyer I cannot wait to become in the near future."*

*"The only way to improve my externship would be to offer me a job in a year ..."*

*"The staff here are very experienced...so familiar with the law."*

*"I was able to observe a great deal of how a case progresses from start to finish...had me working on...cases that were at different stages of progression."*

*"I learned both the benefits and potential consequences of developing alliances with other groups."*
