Megan: This event is a panel of speakers to discuss a hot topic in international law. This is open to students and practitioners. There are not charity events at DU that give to the community. This is something that we want to change.

This year we have selected to support an immigrant or asylum seeker for VISAS, non-profit. They are brand new and have no money.

Melina: Community Relations Committee might want to join up with them. SBA should consider the amount of money needed for this as well.

John: In the past, whenever student orgs come to us with special events, we take it out of the general account. In this case, we can take it out of the speaker account.

Megan: We are going to ask multiple students orgs as well to help sponsor us. Ticket sales will go directly to the charity.

Chad: How much from SBA are you trying to get?

Megan: We are coming to ask and based on your answer the DJILP will contribute as well as how much we request from others.

John: Maybe we should make the decision of how much to give after they get money from elsewhere.

Eric moves to table the discussion and wait for Casey to make a plan for this time of events; Jason seconds; unanimous; passes.

Event: International Law Student Organization International Conference

Number of Students: 1 (Robert Palmer)

Location: Istanbul, Turkey

Dates: July 7-10, 2010

Actual Cost: \$2,294.26

2/3 Estimated Cost: \$1,537.15

Amount Requesting: \$400

Casey: The Dean wants us to start funding individuals and if we need to change our by-laws then we should. I want to open the floor up to discussion on this topic.

Robert: We organized this event. Students were there from all over the world. We put out the University of Denver name.

John: Right now we do not have a policy in place to fund individuals to funding. Dean Katz does expect SBA to be the primary funding for individuals.

Jason moves to table this until the finance committee and/or rules committee comes up with a policy; Maureen seconds.

Vote: 12 approved; 7 opposed; 1 abstain.

V. Randi Maves, Kaplan PMBR Prep

- a. Whenever SBA is looking for a co-sponsor, please come to us. Please support us as much as you can. If you feel like our reps are not up to the standard we should be at, come talk to me.

- VI. Senator Reports
- a. Melina: Sustainable Counsel meeting, going to ask us for money for solar panels on campus. I am going to research whether we have laws about this. We are trying to get cigarette ashtrays on the corner.
 - b. Maureen: There was a GSAC meeting earlier this week. Calendar Committee, push by the faculty to have our start date a week later so the faculty can have a longer writing summer. This would shorten our exam period time. If anyone wants to play kickball Sunday, PILG is having the annual kickball fundraiser, if anyone wants to play.
 - c. Christina: Library hours are not open until midnight every night of the week. Students are still asking for this to happen.
 - i. John: I hear the only exception to it not closing earlier is during finals.
 - d. Cindy: Can we put a sale on for the lockers since they are sitting on empty money? This way people will buy one or more lockers.
 - e. **Melina moves to extend 5 minutes; Deanna seconds; unanimous; passes.**
 - f. Chad: I have been hearing people complain that the building itself is not open late or early. In addition, can we sell shelving for inside the lockers, we can make money?
 - i. Stephen: We can do this through the bookstore.
 - g. Tom: Professor Borrison e-mail, sounded interesting. It is a guy who pleaded guilty to tax evasion and talk about ethical issues as a lawyer. He is going to be able to get Jason here on October 19.
- VII. Committee Reports
- a. Isabel (Community Relations): DuViver sent out an e-mail about collecting gently used professional clothing to be given to non-profit. We are thinking of putting up boxes around school.
- VIII. President's Report

- IX. Announcements
- X. Adjourn
