SEMESTER-SPECIFIC ACCEPTANCE FORM
University of Denver, Sturm College of Law
Legal Externship Program

Supervisor Information:

Name of Supervisor/Judge: ________________________________________________________________
Organization: _________________________________________________________________________
Address: ____________________________________________________________________________
Phone: ___________________ Email: ______________________________________________________________

Required: Will you be providing any sort of financial compensation to this student? (indicate yes or no)________

Student Extern Information:

Name of Student: ________________________________________________________________
Number of Credits: _________

For your reference, 50 hours equals one academic credit. 3 credits is an average externship, however anywhere
from 2-6 credits are permitted, unless this is an approved Semester in Practice externship for 3Ls.

Semester (e.g. Fall 2017): _____________________________________________________________

Will you be receiving any sort of financial compensation for this externship (pay from employer, outside
fellowship/grant, etc.) (Please indicate yes or no): __________

Roles & Responsibilities:

- **Certifications:** Upon joining Denver Law’s externship program, all Supervisors have agreed to, and continue to
agree to, abide by a number of requirements for externships, including but not limited to: guidelines on the
Student Practice Rule (C.R.S. 12-5-116), malpractice insurance, limits of administrative work to 10%,
professional responsibility, and more. Supervisors are expected to review these certifications, which can be
found in CORE under My Requirements, prior to the beginning of the semester. Externs must read and sign the
Student Certifications that appear on page 3 of this form.

- **ABA Standards on Externships & Experiential Courses:** The ABA sets forth a number of rules and
regulations for externships. Supervisors, externs, and externship faculty understand that Denver Law’s
Externship Program, which includes an in-class seminar and reflective component as well as the extern’s
fieldwork, must collectively:
  - **Provide a Substantial Lawyering Experience to the Extern:** The ABA requires that all field placements
  (the ABA’s term for externships) must provide a substantial lawyering experience that is reasonably
  similar to the experience of a lawyer advising or representing a client or engaging in other lawyering
tasks.
  - **Conform to the Definition of an Experiential Course:** Denver Law considers all externships offered
  through its Externship Program to be experiential in their entirety. As defined by the ABA, field
placement courses, such as Denver Law externships, must be primarily experiential in nature and must
integrate doctrine, theory, skills, and legal ethics; help students develop the concepts underlying the
professional skills being taught; provide multiple opportunities for performance; provide opportunities for self-evaluation; and engage students in one or more of the following professional skills needed for competent and ethical participation as a member of the legal profession including: interviewing, counseling, negotiation, fact development and analysis, trial practice, document drafting, conflict resolution, organization and management of legal work, collaboration, cultural competency, and self-evaluation.

- **Paid Externships:** ABA standards now permit students to receive compensation for work performed as part of for-credit field placement courses, including externships. If a placement decides to offer pay for work performed as part of an externship for credit, the Supervisor must still abide by the requirements set forth in this acceptance form, the Supervising Attorney Manual, any other documentation provided by Denver Law, and the requirements imposed by the ABA on for-credit field placements.

- **Learning Agenda:** The Learning Agenda provides an opportunity for the Supervisor and extern to communicate about learning goals, set expectations for the externship, outline the substantial lawyering experience the extern will receive, and identify opportunities for performance. Supervisors and externs are expected to discuss all questions on the Learning Agenda together. Supervisors will be required to electronically confirm the completed Learning Agenda once the extern uploads it to CORE. Externship Program faculty will review learning agendas once they are confirmed.

- **Evaluations, Feedback, & Grading:** Supervisors and team members at the placement, as appropriate, are expected to provide the day-to-day oversight of the extern’s work and offer ongoing feedback on performance. Supervisors are responsible for completing mid-semester evaluations (except during summer) and final evaluations of all externs, both of which are made available to externs. Externship faculty members will review and evaluate the extern’s self-evaluations, reflective exercises, and other assignments required of externs by Denver Law. Externship faculty shall award a grade of Pass or Fail to students, as appropriate, for the fieldwork component of the externship. Such grades are determined by both satisfactory performance in the field and by completion of Denver Law’s fieldwork related assignments. The grading policy and requirements are described in more depth in the Student Handbook and Field Requirements document. Externship faculty also review extern performance in all in-class components. If enrolled in an externship seminar, students receive a letter grade based on seminar-specific standards as set forth in the relevant syllabus and in compliance with applicable law school standards.

- **Student Handbook & Field Requirements:** Externs are expected to review the Student Handbook and abide by any and all rules or regulations set forth in the handbook [http://www.law.du.edu/index.php/legal-externship-program/information-for-students](http://www.law.du.edu/index.php/legal-externship-program/information-for-students). Externs are also expected to read the Field Requirements document in CORE, which serves as the syllabus for the externship fieldwork, and complete all assignment in a timely fashion in order to pass the externship.
