12	Valdes, Frank	1 2	CGC/ICC IAUPR
13	Westley, Robert	1 2	CGC/ICC IAUPR

\* Sumi, these Project Team designations are mainly an expression of hope, based in part on my understanding of what might interest you most: if you are interested in working with Margaret on the K-112 Education Project and with Thomas on the Social Justice Externship Program, pls let me know via email; if not, please let me know your other preferences...thanks!

\*\* Berta, these Project Team designations are based on your participation over the years in the Conference planning process, in the SSP Selection Committee last/this year, and the Co-Chair Platform of last year with respect to the NGO; however, because we are working with two Project Team designations per Board member, could you please let me know your top two preferences (if necessary, please consult with Angela about the SSP before letting me know).

\*\*\* Guadalupe, these Project Team designations are based on your participation this year and prior years in the Conference planning process and your interest in our Chicana/os Studies Project; in addition, your interest in land reclamation/reparations issues led me to believe you might be interested in helping to develop the Social Justice Externship Program with Thomas (the focus of the program has been on land tenure) \_- either way, please let me know your two top preferences.

\*\*\*\* Margaret, I know you are focusing on the K-12 Education Project and that you participate in the SSP Selection Committee, so I have include both in this draft of our Board-Projects Directory; however, I know you are interested in Chicana/o studies, and may be especially interested in helping to develop our Chicana/o Studies Project in light of your new position at the UNM center- because we are working with two Project Team designations per Board member, could you please let me know your tiop two preferences (if necessary, please consult with Angela about the SSP before letting me know).
