Connectivity Defined

The quality, state, or capability of being connected

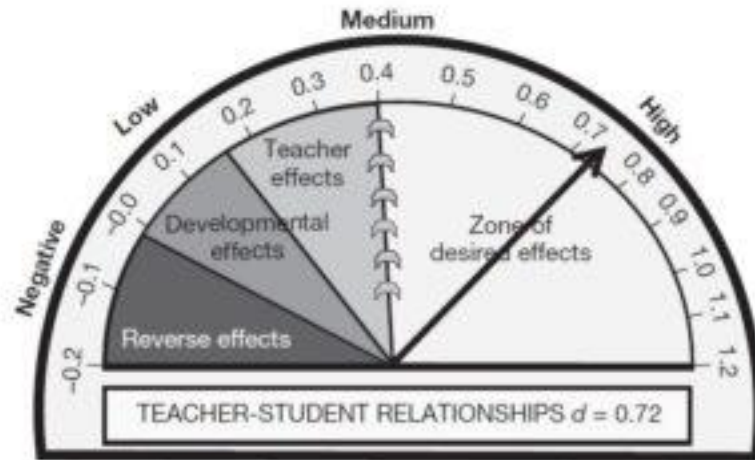

(Merriam-Webster, 2019)

Connection - Hattie

“It is teachers who have created positive teacher student relationships that are more likely to have the above average effects on student achievement.”

John Hattie (2009)

Hattie, Visible Learning, p. 118

Intentional actions to promote positive teacher-student relationship allow students to take risks and understand that errors made are part of the overall learning process.

Building Connections

- Methods of Communication
- Active and Social Learning
- Student Course Evaluations
- Self-Reflection
