**III. Student Concerns**

**a. Wiki Page (M.J.)**

i. M.J. presentation on SBA Wiki page he created (DUSBA.wikia.com)

- Taylor – What are we supposed to do when people join SBA and they don't know what they are doing? We've always had an issue with coordination between SBA and the other student groups. A Wiki page would be like Facebook, but more business-like.
- Ashley – Don't want to have too much for the student's to look at. How many social networking pages are we going to have then?
  - a. M.J. – It's for internal use
- Mattson – Is it easy to make additional pages?
  - a. M.J. – Yes it is
- Steven – I'm totally behind this.
- Suren – Can this be something we add to the DU website?
  - a. M.J. – It would be better if we did it on our own since we don't have access to edit the DU website.

- Knicky – Is this something we would have in place of the string of emails? Can we get information in real time?
  - a. M.J. – If we had something like this, it could be something as simple as making a new page to create an outline of an event.
- Alisha – Can anyone edit it?
  - a. M.J. – Anyone can edit it, but an administrator would have to approve it. It would be the Executive Board who would administer it and then pass it on to the next Executive Board.
- Alisha – Nothing would show as far as personal information?
  - a. M.J. – No.
- Suren – If it is edited, will the admin get an email?
  - a. M.J. – Yes.
- Mattson – Motion In Favor of M.J. finishing the page?
  - a. Unanimously approved, motion passes

**IV. Previous Business**
