II. Roll Call & Approve Minutes

- a. Absent: Matt, Mimi
Minutes: APPROVED from last week

III. Guest Speakers

- a. Eric Bono
 - i. Casey: Asked about basketball networking event and CDC's participation in it.
 - 1. Dean Bono: wanted to move the focus from programming to job-getting. Still want to cosponsor programs, but developed policy and created a form for co-sponsorship to try to have a policy. If want support, then complete checklist of tasks so that career services has more time to meeting with employers, but still get money and publicity.
 - 2. Katy: What does that checklist involve and should you spend it on the student list serve?
 - a. The checklist involves details on how to run and event and it would be great to get on the list serve!
 - ii. Annual government and public interest fair on Nov 15 hosted with CU, some informational and some interviewing
 - iii. Eric: Could you identify which firms are hiring so that students know?
 - 1. Yes, will indicate which are hiring!
 - iv. A lot of bad press about law schools and employment statistics. Recently put employment statistics on website (90 percent) and how got to the percent. Also put a grid to see how many jobs were full time, part time, legal, non legal, law school funded.
 - v. US News numbers may be lawyer because use an unfavorable formula
 - vi. Let us know if we can be more transparent, being openly audited right now.
 - vii. Busy rolling out student development program. Reaching out to evening students as well to schedule career appointments.
 - viii. Andy: It is difficult for evening students to attend career programs because it is only during the day.

1. Bono: yes, we understand that is a problem and we want to hear ideas and attempt to address it.
- b. Dean Katz
 - i. Sent out year in review information. Does it now because U.S. news voters vote in October.
 - ii. Bar pass data is GREAT!
 - iii. Bar passage rates in the past have been horrible. In 2007 the bar passage/success program was put together and we are starting to see the results.
 - iv. Approach the bar with a “healthy degree of fear” not too confident, but not too fearful.
 - v. Alex: Kendra and I are in charge of faculty interviews, how do you want us to participate?
 1. Dean Katz: participation of the students is helpful in considering who to make offers to, take student reports on candidates seriously. The goal is to have the students do the interviewing come and present a report to the faculty (orally or written) regarding what students think of candidates. Want students to add perspective (how would they be as teachers, communicate), what is the level of respect? Looking for people with experimental learning skills.
 - vi. 90% passage rates and 8 students are appealing
 - vii. Casey: are all of the policies and changes for bar passage in effect?
 1. Dean Katz: yes, but not all of them are in full effect. Having teachers bring up bar questions that might come up. The bar success program collecting data now. Also increased law school GPA for good standing requirement raised (now 2.3) because bar passage rates correlate with GPA. Also admission requirements have changed to let people in that will pass the bar. Will probably still see a slight increase in the bar passage rate.
