

Academic Year 20-21 Grading Policy

This policy applies as follows for the Academic Year 2020-2021 (Fall 2020, Spring 2021, and Summer 2021 semesters):

- Faculty will submit grades applying the scale as normal.
- Sturm College of Law students will be permitted to opt into Pass/No Pass grading for one course per semester.
- Any decision by a Sturm College of Law student to opt into Pass/No Pass grading must be made within 3 business days of posting the final letter grade in that course. (Additional instructions for how to change a grade will be communicated to students by the Law School Registrar's Office before the first grades are released.)
- For all courses, Pass corresponds to any grade other than what would be an F on the usual grading scale.
- Pass and No Pass grades will not count towards students' GPA. Students who receive a Pass grade will earn credit for the class. Students who receive a No Pass will not earn credit for the class.
- Students who receive a No Pass in a required course will be required to repeat that course.
- Students' transcripts will denote the change in the grading policy due to the Coronavirus pandemic.
