Co-creating a Regional Vision for People + Nature

Dana Coelho, Alliance Director dana@metrodna.org | 303-883-9405

Align nature-based efforts to ensure more equitable access to nature and to promote healthy people, communities, and natural places.

CONVERGENCE:

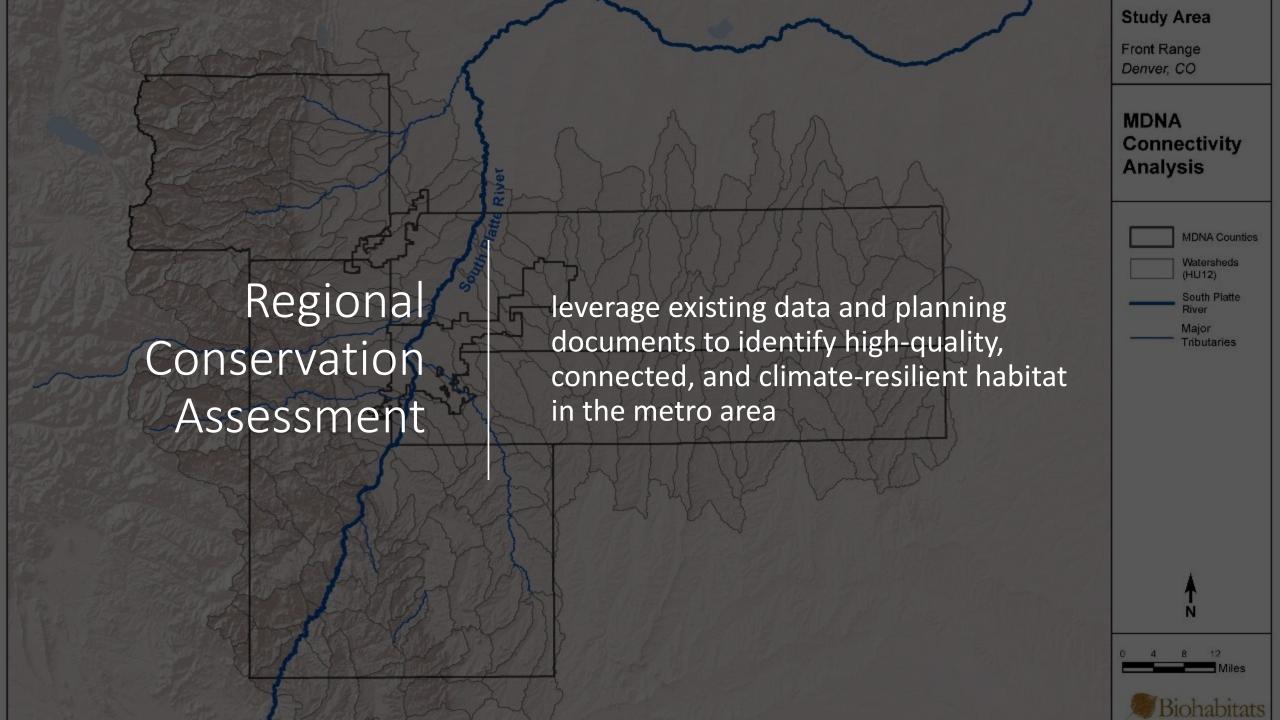

Water/Climate + Habitat Loss + Environmental Justice

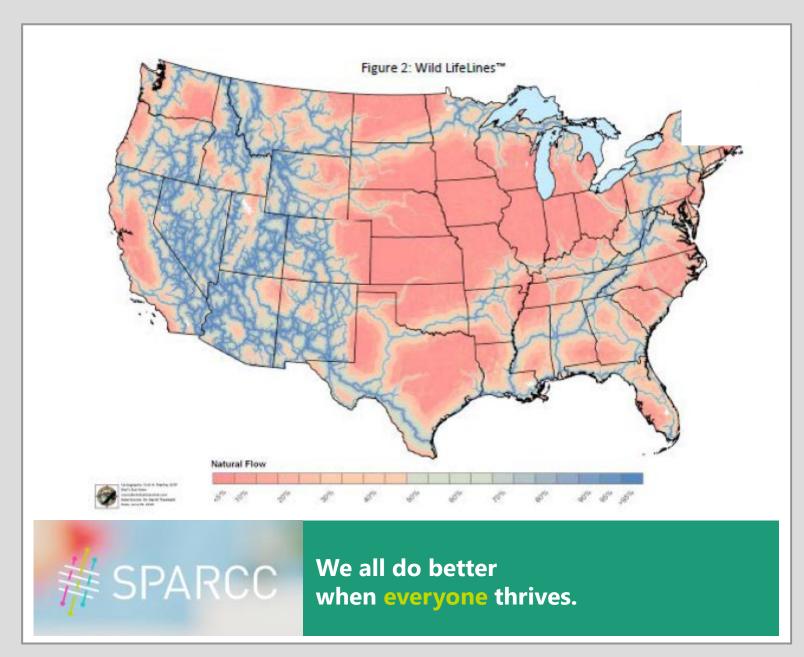

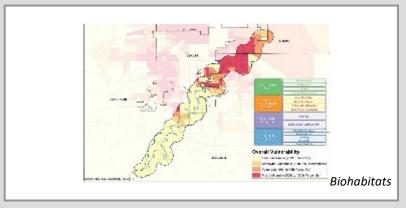

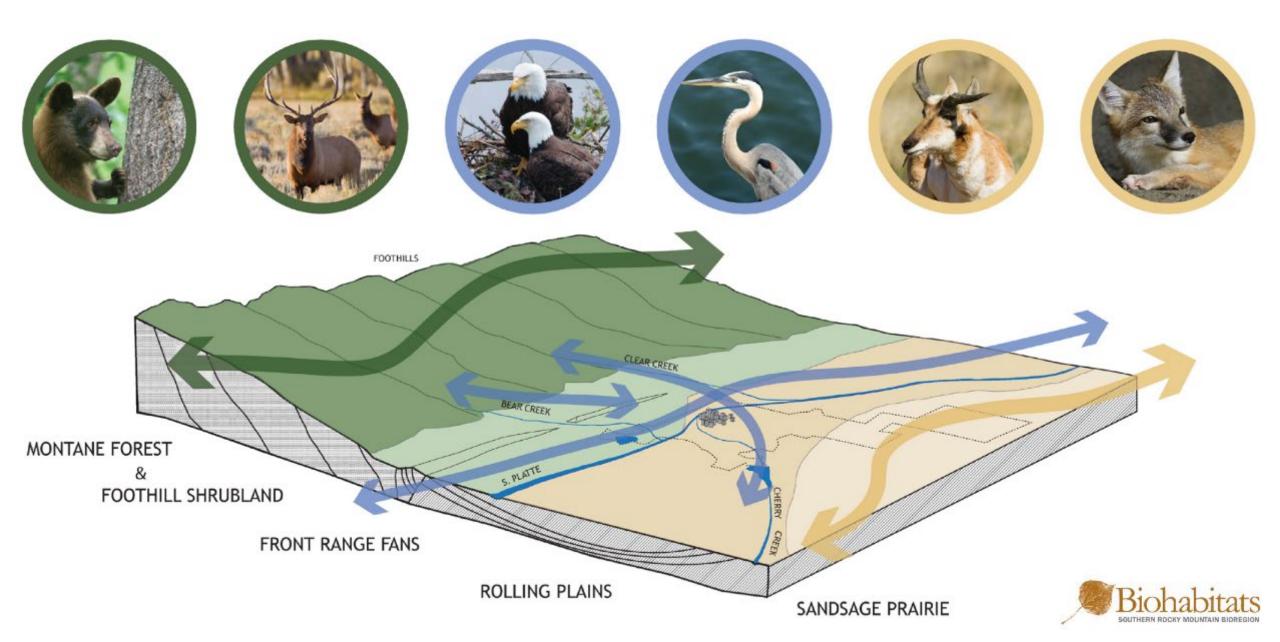

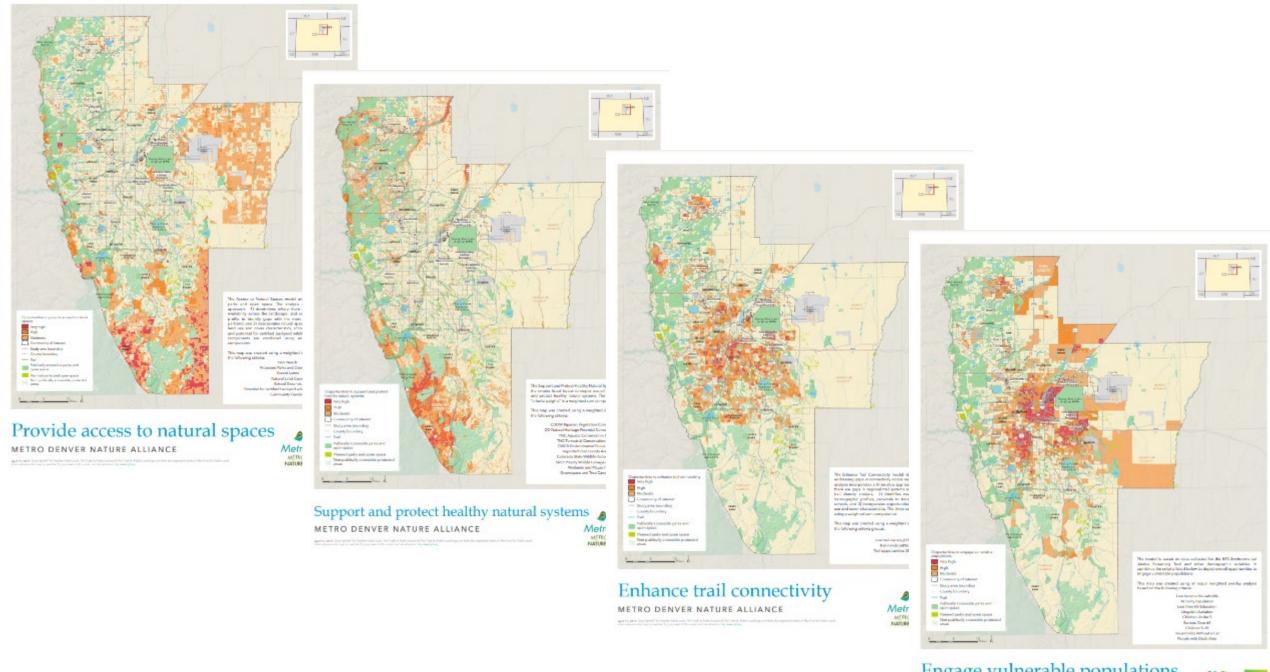

Regional planning framework & ecoregions

Desired outcomes

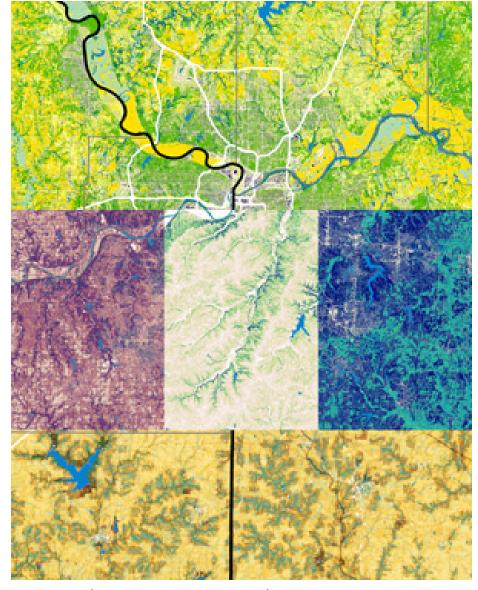

- Influencing how decision makers prioritize lands and waters to protect, connect, restore, and enhance;
- Ensuring all people can have equitable access to nature and build community well-being;
- Supporting wildlife in the face of a changing climate;
- Creating a base of ecological knowledge to inform future policy, planning, and funding actions;
- Deepening collaboration between key organizations in the region; and
- Improving planning and decision-making through the development of shared goals, priorities, and metrics.

Project deliverables

- Regional Conservation Strategy: portfolio of targets, metrics, and priority lands and waters to guide collaborative actions.
- Biodiversity Atlas for decision-makers: publiclyavailable geo-database used to prioritize protection, restoration, and enhancement activities.
- A diverse, engaged, and invested Leadership Council,
 Technical Advisory Team, and partner network.

Project team + collaborators

- **Core Team:** TNC, Biohabitats, and Metro DNA; meet weekly to coordinate all aspects of the project.
- Leadership Council: decision makers from land and water management agencies committed to project implementation, meets 2-3 times per year.
- Technical Advisory Team: technical experts from a range of institutions who will directly shape the analysis and project outcomes, meets once every other month.
